DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of group 1 in Paper No. 16 is acknowledged. The traversal is on the ground(s) that the claims are not adequately described as product and process of using.. This is not found persuasive because Applicant does not elaborate more on this objection and a review of the claims seems to indicate that the examiner is correct. The examiner has included new claims 40- 49 in with the method claims. They are distinguishable over the apparatus in that the apparatus does not require that the programs be retrieved from the medical device storage sites. Rather copies of the stored programs may be separately placed into the programmer and down loaded into the medical device

The requirement is still deemed proper and is therefore made FINAL.

Allowable Subject Matter

Claims 1-9, 40-49 are allowed.

This application is in condition for allowance except for the following formal matters:

Non-elected claims must be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
